

Declaration of Conformity no. 1/NIEC/2015

1.	Construction product manufacturer: <p style="text-align: center;">Bruk-Bet Sp. z o.o. – Nieciecza 199 – 33-240 Żabno Production plant no. 1 – 33-240 Żabno – Nieciecza 199</p> <p style="text-align: center; font-size: small;">(full name and address of the production plant)</p>																								
2.	Construction product name: <p style="text-align: center;">RELIEF Decorative stone</p> <p style="text-align: center; font-size: small;">(commercial name, type, variety, grade, class)</p>																								
3.	Product classification: <p style="text-align: center;">26.61.11 – 50.42</p> <p style="text-align: center; font-size: small;">(PKWiU «Polish Classification of Goods and Services» code)</p>																								
4.	Intended use and scope of application of the construction product : <p style="text-align: center;">Small-sized RELIEF elements produced of concrete are intended for internal wall coverings and external wall claddings of buildings as well as external claddings for the surface of garden and room fireplaces.</p> <p style="text-align: center;">All plaster elements are intended for internal wall coverings.</p> <p style="text-align: center; font-size: small;">(according to technical specification)</p>																								
5.	Technical specification: <p style="text-align: center;">Technical Approval of the Building Research Institute No. AT-15-7012/2015 Small-sized RELIEF elements produced of decorative stone for wall coverings and wall claddings.</p> <p style="text-align: center; font-size: small;">(number, title and year of establishment of the Polish Norm for the product or number, title and year of issue of technical approval and name of the approving authority)</p>																								
6.	Declared technical parameters of the construction product type: <table style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <thead> <tr> <th style="width: 40%;"></th> <th style="width: 15%; text-align: center; border-right: 1px dashed black;">regular concrete</th> <th style="width: 15%; text-align: center; border-right: 1px dashed black;">expanded clay aggregate concrete</th> <th style="width: 30%; text-align: center;">plaster</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">compressive strength class</td> <td style="text-align: center;">≥ C30/37</td> <td style="text-align: center;">≥ LC8/9</td> <td style="text-align: center;">≥ 11.0 MPa</td> </tr> <tr> <td style="text-align: center;">bending strength</td> <td style="text-align: center;">≥ 6 MPa</td> <td style="text-align: center;">≥ 3 MPa</td> <td style="text-align: center;">≥ 4 MPa</td> </tr> <tr> <td style="text-align: center;">water absorption</td> <td style="text-align: center;">≤ 7 %</td> <td style="text-align: center;">≤ 15 %</td> <td style="text-align: center;"><input type="checkbox"/></td> </tr> <tr> <td style="text-align: center;">moisture content</td> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;">≤ 6 %</td> </tr> <tr> <td style="text-align: center;">freeze thaw resistance</td> <td style="text-align: center;">50 cycles</td> <td style="text-align: center;">25 cycles</td> <td style="text-align: center;"><input type="checkbox"/></td> </tr> </tbody> </table> <p style="text-align: center; font-size: small; margin-top: 10px;">(data necessary to identify the type as specified in the research program)</p>		regular concrete	expanded clay aggregate concrete	plaster	compressive strength class	≥ C30/37	≥ LC8/9	≥ 11.0 MPa	bending strength	≥ 6 MPa	≥ 3 MPa	≥ 4 MPa	water absorption	≤ 7 %	≤ 15 %	<input type="checkbox"/>	moisture content	<input type="checkbox"/>	<input type="checkbox"/>	≤ 6 %	freeze thaw resistance	50 cycles	25 cycles	<input type="checkbox"/>
	regular concrete	expanded clay aggregate concrete	plaster																						
compressive strength class	≥ C30/37	≥ LC8/9	≥ 11.0 MPa																						
bending strength	≥ 6 MPa	≥ 3 MPa	≥ 4 MPa																						
water absorption	≤ 7 %	≤ 15 %	<input type="checkbox"/>																						
moisture content	<input type="checkbox"/>	<input type="checkbox"/>	≤ 6 %																						
freeze thaw resistance	50 cycles	25 cycles	<input type="checkbox"/>																						

I DECLARE WITH FULL RESPONSIBILITY THAT THE CONSTRUCTION PRODUCT IS IN CONFORMITY WITH TECHNICAL SPECIFICATION IDENTIFIED IN SECTION 5.
